BALSAM OF WILD CHERRY.

The best Remedy ever known to Man. FOR COUGHS, Colds, Asthms, Croup, Bronchitis, Influen-za, Bleeding of the Lungs, Difficult Breathing, Liver At-fections, Pain or Weakness of the Breast or Side, First stages of Consumption, &c., &c., &c. In short, this Balsam is pecuof Consumption, &c., &c., &c. In abort, this Balsam is peculiarly adapted to every disease of the Lungs and Liver.

Wild Cherry has long been known to peless important medical properties. This fact is familiar to every matron in our land, and Physicians often prescribe it in different forms, for a variety of complaints. Tar, also, has been equally noted for its virtues; and some physicians, whose names are familiar to the whole country, have gone so far as to declare that even Consumption could be cured by that alone. In other hands, again, it was nearly valueless, owing, no dou't, to their ignorance in preparing and administering it—a difficulty now entirely obviated by patient and long experiment—thus rendering the whole compound the most certain and efficacious remedy ever discovered for CONSUMPTION OF THE LUNGS.

Beware of Base Im tations !! 40 As there are quite a number of Counterers articles bearing the name of Wistar's Bai-am of Wild Cherry, purporting to be the "Genuine and Origi al," we therefore deem it necessary, for the protection of curselves and for the public good, to Cauriok all persons who purchase the Balsam of Wild Cherry, to look well at the Signature believe buying. The "Genuine Wistar's Balsam of Wild Cherry" has a fac simile of the signature of Henry Wistar, M. Iv., Philadelphia, and Sanford & Park, on a finely executed steel engraved wrapper. Therefore be cautious, as none can be genuine without the signature of "San-27 Sold by PARK & WHITE, San Francisco, California, riefors and Manufacturers, to whom all orders must

N this preparation all the sestorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of it combination it is, at remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent which gently stimulates, while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Many other preparations imitate it in bearing the name of Sarsaparilla, and in that their resemblance ends, being often prepared from worthless and inert roots, and of course possess no healing or curative properties, and patients in making choice of which they will use should take no other, but that one entitled to their confidence from the long list of of cures it has effected and living witnesses whose testimonials and residence have been published, and

ASTONISHING CURE. . Patterson, N. Y. 20th, 1851. Messrs. A. B. & D. Sands: Gentlemen.—Having witnessed the most beneficial effects from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son. In the spring of 1848 he took a severe cold, and after eight weeks of severe suffering the disease settled in his left leg and foot, which soon swelled to the utmost. The swelling was lanced by his physician, and discharged most profusely; after that no less than eleven ulcers formed on the leg and foot at one time. We had five different Physicians, but none relieved him much; and the last winter found him so emaciated and low that he was unable to leave his bed suffering the most excruciating pain. During this time the bone had becomeso much affected that piece after peice came out, of which he has now more than twenty-five preserved in a bottle, varying from one half to one and w halt inches in length. We had given up all hopes of his recovery, but at this time we were induced to RS. KIDDER'S Cordial, Spiced Brandy. Syrup of Rhubarb, and Hot Drops. For sale at

New York, Frs. 17, 1849. Messas Sanas . Having suffered many years with disease of my throat, affecting the larynx, during which time I was treated by the most distinguished shysicians in Europe and the United States, without eceiving any permanent benefit, but all the time ny general health and strength declining, and the tisease making learful progress : caustic applications were used, and whatever else was thought most efficient for producing a cure; but I am contident the teplorable situation I was in, the laryngitis being acompanied with plathi-is and great difficulty in breathing, would soon have terminated my life, had I not btained relies through the medium of your invalmbie Sarsaparilla. I must say gentlemen, when I commenced using the Sarsa arilfa I did not place much confidence in its virtues; and this will not surrise you, when you are informed I had tried more man nity different remedies during the past four years, without any success, but after taking your sarsa, ariila a tow weeks, I was obliged at last to yield 200 DOZ. of Toiler Soap, assorted to suit to evidence. Sold also by Druggists generally throughout the United States and Canadas. The value of this Medicine is now widely known, and every day the field of its usefulness is extended. It is approved, and highly recommended by Physicians, admitted to be the most powerful and search-

ing preparation from the root, that has ever been employed in medical practice. Its operation extends to the remotest parts of the system, and consists in removing diseased action in the absorbing and secreting organs. In man, Nature seldom effects, unassisted, the cure of any virulent disease, but requires the aid of a stimulant, alterative, or antiseptid medicine. In diseases of the skin and flesh, a combination of these three classes of medicinal agents is highly desirable. All these properties are combined in this preparation; and instead of operating suc-A MBROSIAL MEAD .- A new temperance bev-cessively upon the system, as they must necessarily do when taken separately, they operate simultaneousdo when taken separately, they operate simultaneous; ly, and in perient harmony when administered in this form.
